ACKNOWLEDGEMENT

At the very outset of this project, I wish to express our heartfelt gratitude to “**Mrs. Parul Rastogi**” for their proper guidance, constant encouragement, and giving us an opportunity to practically handle this project without whose supervision it would not be possible to complete the entire project of “DermaScan AI”.

I also take the privilege to pay our deepest appreciation and heartfelt thanks to the entire teaching coordinator “Mr. Jay Kashyap” for all his valuable assistance and immense cooperation in developing this project. This success is attributed to his enormous assistance. It has been a matter of great pride for me to work under him.

I would also like to thank my parents and my fellow friends for the true spirit of camaraderie, cooperation, and incredible advice throughout the project. Without them, I would not have been able to develop this.

Finally, I express our deepest and sincere gratitude to God Almighty for inspiring and guiding this humble being.
